

Carolina Laser and
Cosmetic Center

dare to be beautiful...

Smooth Clear Skin

Almost everyone has something they would like to change about their appearance. Few of us though, can afford the costs associated with traditional plastic surgery, or the time off from our jobs and families for extensive recuperation. Dr. White recognizes these challenges, and offers solutions to help you to look and feel your best.

At Carolina Laser and Cosmetic Center, we are passionately committed to providing the safest and latest non-surgical, non-invasive, no downtime cosmetic, laser, and dermatological treatments to help you look as young outside as you feel inside.

Specializing in:

- Body sculpting with Smartlipo Triplex™ Laser
- Face, eye and neck uplift with Ultherapy® Ultrasound
- Skin rejuvenation with Sciton® Broad Band Light BBL®
- Faster tattoo removal in fewer treatments with Picosure™ (blues/greens) and Revlite® (reds) lasers
- Sun damage correction
- Improving overall appearance of skin with Profractional™
- Sclero and laser vein removal treatments
- Acne and post-surgical scar correction
- Line and wrinkle smoothing
- Improving appearance of sagging, loose skin with Thermage®
- Unwanted hair reduction and removal
- Eyelash enhancement and permanent makeup
- Smaller area contouring with Precision TX™
- Physician grade skincare products

About Dr. White

Dr. Anne L. White, of Carolina Laser and Cosmetic Center in Winston-Salem, North Carolina, has trained both nationally and internationally in the latest techniques of non-invasive, non-surgical, no downtime cosmetic, laser, and dermatological treatments. Her passion is to provide the highest quality care possible through an individualized approach to treatment, working with her patients to help them realize their goals of looking and feeling their best.

Dr. White recognized Cosmetic Dermatology as an emerging trend, and has carefully evaluated and assembled her portfolio of laser and cosmetic treatments to provide her patients with the latest and most effective technology and procedures: from Cynosure SmartLipo Triplex Laser lipolysis, skin tightening and contouring with Thermage®, smaller area contouring with Precision TX™, Ulthera Ultherapy for ultrasound uplift, Picosure™ and Revlite® Laser for tattoo removal, and Sciton® Broad Band Light BBL™ treatment, to a full suite of fillers and injectables like BOTOX®, Xeomin®, Juvederm®, Restylane®, Perlane®, Belotero Balance® and Radiesse®.

Whatever your cosmetic or dermatology challenge, see Dr. Anne L. White and take your first step toward smooth, clear skin.
