GENEVEVE™

FEEL SENSATIONAL!

## **MEET GENEEVE**

Geneveve™ was born of a passion for advancing health and wellness through patient focused innovations!

## **THAT RENEWED FEELING**

Geneveve is a unique treatment that generates healthy collagen and a renewed feeling of fitness. The dual-mode Geneveve treatment cools and protects the surface while heating deeper tissue. Because Geneveve uses tiny pulses of gentle energy, the right amount of heat – for the right amount of time – is delivered to reinvigorate tissue.

## **SAFE AND SOUND**

The Geneveve treatment is both safe and effective. With just one comfortable 30-minute treatment we'll get you back to your regular activities immediately and on your way to feeling even more sensational.
